

Legend

Project Components	Other Components
▲ Wind Turbine (48)	■ 1 Storey
— Proposed 115 kV Line	■ 2 Storey Receptor
--- Collection System	■ 3 Storey Receptor
--- Directional Drilling	■ Vacant Lot Receptor
— Access Road	— Existing 500 kV Line
⊗ Point of Interconnection	— Arterial Road
⊗ Substation	— Local Road / Street
⊗ O&M Buildings Area	— Permanent Watercourse
⊗ Laydown Area	— Intermittent Watercourse
■ Project Location	■ Air Strip
■ 120 m Boundary	■ Pit or Quarry
■ 300 m Boundary	■ Waterbody
	■ Wetland

Significant Natural Features

- Woodland
- Wetland
- Valleyland
- Amphibian Breeding Habitat
- Bat Maternity Area
- Raptor Wintering Area

Bornish Wind Energy Centre
