Hi April. Is there a convenient time for me to call you today or tomorrow? I'd like to understand the change, plus we are in touch with the Council, but it has mostly been Chief Day to this point. Sounds like this should change too?

Hi Bob,

NextEra does not need to meet with Oneida Elected Chief and Council. The contact for the Chiefs Council is Charlene DeLeary lotiyaneshu@gmail.com. She is both their secretary and their consultation person. Her phone number is 519 652-4074.

Thank you,

April

Hello April.

Do you think we could aim for the December 6th Council meeting?

Hi Bob,

To follow up on last week's meeting:

Chief and council would be interested in meeting with NextEra to discuss the projects.
Oneida will need the capacity assistance to review the REA study reports.
Oneida would like to review the Aboriginal Consultation Reports before they are submitted to the MOE.

Oneida Elected Council should be consulted on the Adelaide, Bornish, Bluewater, Goshen and Jericho projects and please continue to consult with the traditional council as well.

Thank you,

April

Subject: Our Meeting - October 19, 2011

Good morning April.

I apologize for having to send the enclosed cover letter after the binder. Here it is together with the updated chart that lists all current NextEra Energy Canada, ULC projects in southwestern Ontario.

My brief notes from our discussion were:

- April to ask if Chief or Chief and Council wish to meet with NextEra project directors for those projects where they have an interest.
- If there will be a need for capacity assistance to review the Renewable Energy Application ("REA") study reports, please let me know in advance so we can work out a scope and budget. There will be a series of reports including archaeology; natural heritage (environment) bird and bat studies, design and operations (including monitoring) and construction. Oneida of the Thames will have some projects in common with other First Nation governments, so any possibility of being able to coordinate these reviews with them would be greatly appreciated.
- A "consultation report" is also required to be filed for the REA. It includes an "Aboriginal Consultation Report". Please let me know if you have protocols or wishes to review these reports as they are drafted but before submission to Ministry of Environment. You can see an example of the form and content of 2 such reports on www.NextEraEnergyCanada.com (Conestogo and Summerhaven projects).

Oneida Nation of the Thames is listed on the so-called "Director's Lists" of communities to be consulted for

Adelaide, Bornish, Bluewater, Conestogo, Goshen, Jericho and Summerhaven. We had previously received your advice to work with Six Nations of the Grand River, Six Nations Confederacy Council and Oneida Council of Chiefs for Summerhaven and Conestogo. Should we be asking you for advice about the same protocol question for Adelaide, Bornish, Bluewater, Goshen and Jericho? I do recall an e-mail exchange with Chief Day about Oneida Council of Chiefs taking the lead on Adelaide and Bornish, and it predated the Director's Lists.

Our goal April is to be as open, transparent and inclusive as possible to make sure no one with an interest is left out and that we do not miss any important planning information. I realize the protocols around these things can take time to work through, so am looking for help to approach the question in a respectful way.

Many thanks and please feel free to call if more information is needed.

Sincerely,

R. D. (Bob) Waldon
