

ONTARIO ENERGY BOARD NOTICE

Suncor Energy Products Inc. has applied to the Ontario Energy Board to determine the location of electricity distribution facilities within road allowances owned by Lambton County.

Learn More.

Suncor Energy Products Inc. plans to own and operate the Suncor Cedar Point II Wind Energy Project in the Municipality of Lambton Shores, the Township of Warwick and the Town of Plympton-Wyoming, in Lambton County. As part of the project, Suncor Energy Products Inc. proposes to locate 4.293 km of distribution line within certain road allowances owned by Lambton County. Suncor Energy Products Inc. and Lambton County have not been able to reach agreement regarding the location of the distribution facilities. Suncor Energy Products Inc. is asking that the Ontario Energy Board determine the location of the distribution facilities within the municipal road allowances.

A map showing the potentially affected road allowances is appended to this Notice.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The OEB is an independent and impartial public agency. It will hold a public hearing to consider Suncor Energy Products's request. During this hearing, the OEB will consider evidence and arguments by Suncor Energy Products, Lambton County and others whose interests would be affected.

The OEB hearing will consider specific issues determined by law. The Electricity Act, 1998 specifies that the OEB is strictly limited to determining the location of the distribution facilities within the road allowances in question. The OEB will not consider alternative locations for the distribution facilities outside of the road allowances or any aspect of the wind generation project in this case.

BE INFORMED

You have the right to information regarding Suncor Energy Products Inc.'s application. You can read the application on the OEB's website (See below under "Learn More").

HAVE YOUR SAY

If you would be affected by the location of the distribution facilities within the road allowances owned by the Corporation of Lambton County, you may want to take a more active role in the hearing. You can:

- Send the OEB a letter with your comments within 60 calendar days from the date this Notice is posted on applicant's website, which will be considered during the hearing; or
- Ask the OEB for permission to be an active participant in the hearing (an intervenor). Intervenors can provide evidence, argue their positions and submit relevant questions to be answered by Suncor Energy Products Inc. (interrogatories). To be an intervenor, a party must be affected by the location of the facilities in a way that relates directly to the issues the OEB will consider. If you wish to be an intervenor, the OEB must receive your request by **February 9, 2015**.

LEARN MORE

Our file number for this case is **EB-2014-0355**. To learn more about how to participate in this hearing, including how to file a letter with your comments or how to become an intervenor, go to www.ontarioenergyboard.ca/participate. From that OEB web page you can also enter the file number **EB-2014-0355** to see all the documents related to this case. You can also phone our Consumer Relations Centre at 1-877-632-2727 with any questions.

ORAL VS. WRITTEN HEARINGS

There are two types of OEB hearings – oral and written. Suncor Energy Products Inc. has applied for a written hearing. If you think an oral hearing is needed, you can write to the OEB to explain why by **February 9, 2015**.

PRIVACY

If you write a letter with your comments, your name and the content of your letter will be put on the OEB's public record and the OEB website. However, your personal telephone number, address and email address will be removed. If you are a business, all your information will be public. If you apply to become an intervenor, all your information will be public.

This application was filed under section 41(9) of the *Electricity Act, 1998 S.O. 1998, c.15, Schedule A*.

Location Map dated July 2014, of Proposed Generation and Distribution Facilities Associated With the Project subsequently approved by Renewable Energy Approval Number 6914-9L5JBB issued August 22, 2014
