

# SUNCOR

A bit about us

# SAFETY MOMENT

---

- Safety is Suncor's first priority
- Safety includes:
  - Employees and contractors
  - Community members
  - Environment and property
- Safety depends on a continued commitment from people all day, every day

## How can you help?

- All employees, contractors and visitors on site go through proper training
- Adhere to all signs, instructions and direction from site personnel
- If you're interested in a site tour, connect with your stakeholder relations contact at [cedarpoint@suncor.com](mailto:cedarpoint@suncor.com) or call 1-866-344-0178

# VALUES

---

## **Safety above all else**

Do it safely or don't do it.

## **Respect**

Being our best. Giving our best. Showing we care.

## **Do the right thing**

The right way, with integrity.

## **Raise the bar**

Pursue with passion. Always add value.

## **Commitments matter**

We are all connected and part of something bigger.

## RENEWABLE ENERGY

- Seven operating wind power projects:
  - Ripley, Ontario
  - Kent Breeze, Ontario
  - Chin Chute (near Taber), Alberta
  - Magrath, Alberta
  - Wintering Hills, Alberta
  - Gull Lake, Saskatchewan
  - Adelaide, Ontario
- Canada's largest ethanol facility, St. Clair ethanol plant, in Sarnia-Lambton Region of Ontario

# COMMUNITY INVESTMENT FUNDING PRIORITIES

# Cedar Point Wind Power Project Update

March 19, 2015

## PROJECT UPDATE

---

- Project team
- Project site plan – from the proposed 55 to 46 actual turbine sites
- Construction plan
- Traffic management plan
- Testing, measurement and research
- NextEra partnership
- Questions and who to contact

## PROJECT TEAM

---

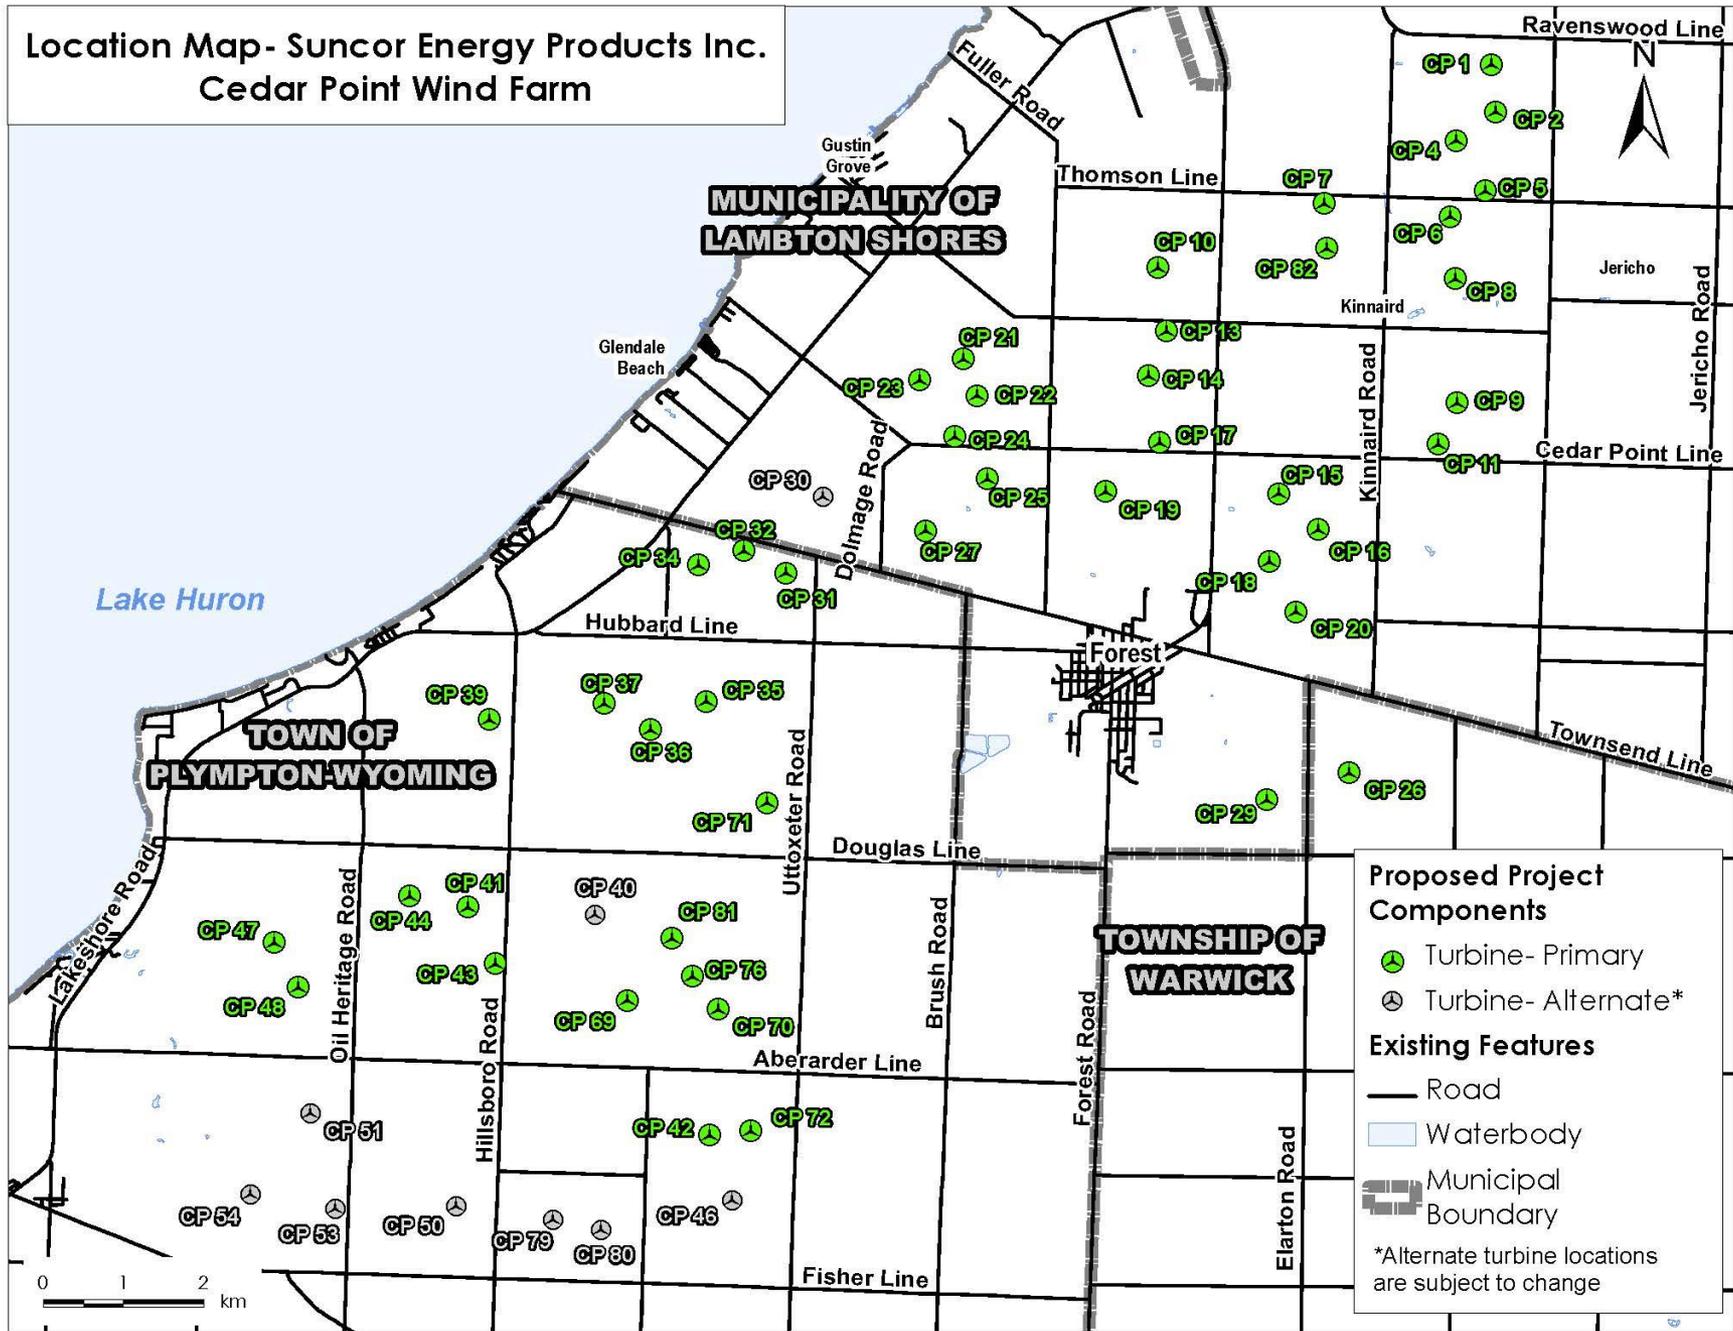

- **Suncor Development Team** is responsible for site development, permitting and regulatory compliance
- **Major Projects Group** is responsible for managing detailed engineering and construction
- **Operations Group** is responsible for long term operations of facility
- **Stakeholder and Aboriginal Relations** is responsible for communicating and coordinating with community members, municipalities, and First Nations, Métis and Inuit communities
  
- **AMEC** Is providing Construction Management on site
  - Manage and supervise all subcontractors
  - Ensure facility is built according to design
  - Responsible for Site EH&S

# TURBINE INSTALLATION

# SITE RECLAMATION

## TRAFFIC MANAGEMENT PLAN

---

- Minimize disruption while safely installing project
- Road work will be minimal after entrances are constructed
- Construction vehicles will not be given priority
- We will be adhering to all traffic regulations and road bans

# CONTACT INFORMATION

---

## Emergencies

- Dial 9-1-1 or your local emergency response number

## Cedar Point Questions

- Email [cedarpoint@suncor.com](mailto:cedarpoint@suncor.com)
- Call toll-free 1-866-344-0178, option #3

## Landowners with leases

- Contact Contract Land Services (Bruce Lyle or Earl Moore)

## Media inquiries

- Call 403-296-4000

A photograph of two young boys of Hispanic descent standing in a grassy field under a blue sky with scattered clouds. They are both smiling and holding small pine saplings with soil. The boy on the left is wearing a blue and white plaid shirt, and the boy on the right is wearing a red and white plaid shirt. They are both wearing blue and grey work gloves. In the background, a woman in a dark suit is partially visible, holding a clipboard. An orange banner with white text is overlaid across the middle of the image.

## Community Liaison Committee

## COMMUNITY LIAISON COMMITTEE

---

- Required by the Cedar Point Renewable Energy Approval
- A forum to exchange ideas and share concerns
- Open to the public
- Suncor is a member of the CLC and will provide access to resources for the group

# COMMUNITY LIAISON COMMITTEE

---

## Purpose

- The CLC is a liaison between the company and community members with respect to the project as it is constructed and becomes operational
- A forum to share project information
- A forum to ask questions and share community information

## Terms of Reference

- Outline the roles and responsibilities of the CLC members
- Will be determined and agreed upon by the CLC members
- Members will agree on how future meetings will be designed, facilitated and communicated
