BF#18 – St. John’s Catholic Church, 384258 Concession Road 4, Map #18

Description - St. John’s Catholic Church has a fieldstone foundation, and is constructed primarily of yellow brick. It has a single offset spire, and is constructed in the Gothic revival style.

✓

Date Range – 1894

Status – non-participating

Further Evaluation for Potential Cultural Heritage Value or Interest

Potential Cultural Heritage Value or Interest (O.Reg 9/06)

Design Value or Physical Value – Representative of Gothic Revival churches usually found in urban areas with a large enough congregation to support a church of this size.

Historical Value or Associative Value – Church makes an important contribution to demonstrating the historic importance of religion in the area.

Contextual Value – Church is closely linked to the cemetery as one of the built features in the landscape; a landmark

Heritage Attributes – built of yellow brick, Gothic (pointed) arched doors and windows, rose window in gable end, imposing bell tower and steeple placed asymmetrically, located near the junction of two major township roads, adjacent to the cemetery

Potential Impacts – none

Mitigation Recommended – none required

BF#19 – 384265 Concession Road 4, Map #19

Description - This is a 1½ storey board and batten, possibly over a frame house with a rear addition.

✓
