2011-04-11	R. Waldon	Dale Jacobs Jake Linklater	Telephone conversation and e-mail confirming Scarlett Janusas will coordinate field work with Angela Gunn and asking when we can further develop the framework outline into a document and also when a meeting is possible to discuss the SON invoice. Suggested the 12th, 14th or 19th of April.	<ul style="list-style-type: none"> • Communication 	<p>2011-04-11 Dale responded with an e-mail requesting an update on status of the SON invoice.</p> <p>2011-04-12 Jake Linklater replied with a separate e-mail asking when we could meet and for a status update on the SON invoice.</p>
2011-04-18	R. Waldon	Dale Jacobs	E-mail again requesting a meeting to discuss both the relationship outline and SON invoice, and also a cost estimate for SON monitoring on East Durham .	<ul style="list-style-type: none"> • Communication • Process 	
2011-04-19	Jake Linklater	R. Waldon	E-mail stating that a meeting is possible April 27 or May 4.	<ul style="list-style-type: none"> • Communication 	2011-04-19 R. Waldon replied to reiterate a need for more information to support the SON invoice and that NEEC has mandated him to begin developing the relationship outline with SON. We also had a follow-up phone call to confirm the arrangements and agenda for the meeting.
2011-04-27	R. Waldon	Jake Linklater	Meeting to discuss status of Bluewater, Conestogo and East Durham , and also the proposed relationship framework. Jake has received direction not to proceed with the framework until the SON January 2011 invoice is paid.	<ul style="list-style-type: none"> • Communication 	Jake Linklater to provide additional information to assist in review and approval of the SON invoice.
2011-05-10	R. Waldon	Jake Linklater	Follow-up e-mail to request update on the additional information.	<ul style="list-style-type: none"> • Communication 	

Date	Contact By	Contact With	Description	Purpose	Follow-up and Results
2011-06-10	Jake Linklater	R. Waldon	E-mail to advise that an information package is being prepared and introducing the new Renewable Energy Coordinator, Joselyn Keeshig.	<ul style="list-style-type: none"> • Communication 	Acknowledged.
2011-06-30	R. Waldon	Jake Linklater Joselyn Keeshig	E-mail update on Bluewater, Conestogo and East Durham status. Archaeology plans for Bluewater were explained, East Durham status is 'on hold" and Conestogo still awaits the information package SON was to provide to support the SON invoice.	<ul style="list-style-type: none"> • Information-sharing • Communication 	
2011-07-05	R. Waldon	Joselyn Keeshig	E-mail to clarify that East Durham is active again.	<ul style="list-style-type: none"> • Information-sharing 	
2011-07-13	J. Keeshig	R. Waldon	E-mail explaining there will be an election for Nawash leadership in August that will affect staff ability to respond during that time.	<ul style="list-style-type: none"> • Communication • Process 	E-mail reply that the SON invoice has been forwarded for processing. Suggested that the relationship framework should be developed to help map out the process for Conestogo, East Durham and Bluewater . A project schedule has been requested from NEEC for East Durham and Bluewater field studies will be available late summer/early fall. NEEC response to the SON participation report has been requested.

Date	Contact By	Contact With	Description	Purpose	Follow-up and Results
2011-07-18	R. Waldon	Joselyn Keeshig	E-mails to explain that MOE had requested an update on consultation with SON and explaining the proposed wording.	<ul style="list-style-type: none"> • Communication 	2011-07-20 J. Keeshig e-mailed “thank you” for the information and explanation.
2011-08-03	R. Waldon	Joselyn Keeshig	E-mail outlining a proposed agenda for tomorrow’s meeting covering: <ol style="list-style-type: none"> 1. SON Conestogo participation report discussion; 2. SON Conestogo Work Plan and SON Principles for Proponents 3. Steps from 1 and 2 for use in Bluewater and East Durham 	<ul style="list-style-type: none"> • Communication • Process 	
2011-08-04	R. Waldon, Allison Featherstne, LGL	Joselyn Keeshig, Linda Sober, SAAR	Meeting to discuss SON Conestogo participation in NHR report and process for remaining Conestogo and for Bluewater and East Durham projects.	<ul style="list-style-type: none"> • Communication • Process 	<ol style="list-style-type: none"> 1. SON to review final reports on EBR to update Conestogo participation report 2. Use SON report as a “one text” template to work towards a consensus report to SON CT and NEEC management 3. Review Conestogo work plan budget vs. Remaining work 4. Develop a Bluewater and East Durham work plan and budget 5. Conestogo archaeology OK if no further work planned
2011-08-04	R. Waldon	J. Keeshig	E-mail enclosing a copy of the “Working Together” outline previously discussed for use in developing a relationship protocol.	<ul style="list-style-type: none"> • Process 	Meeting to review, discuss and draft wording to be arranged.

Date	Contact By	Contact With	Description	Purpose	Follow-up and Results
2011-08-09	R. Waldon	Joselyn Keeshig	E-mail enclosing a communique describing summer/fall archaeological field work for all current NEC Ontario projects and offering to arrange a field meeting.	<ul style="list-style-type: none"> • Communication • Protocol 	2011-08-10 J. Keeshig requested additional information on the independent monitor (Bluewater), Brandy George Cultural Research Inc., which R. Waldon provided the same day. He also confirmed the expectation that SON monitors will be involved with Conestogo and East Durham .
2011-08-22	Doris Dumais, MOE	Tom Bird, Nicole Geneau	Communication letter from the Director of Renewable Energy Approvals to wind energy developers working in SON Traditional Territory concerning the SON-Ontario government agreement and its expectations for wind developments.	<ul style="list-style-type: none"> • Process 	The existing NEEC approach with SON appears to be consistent with the expectations explained in the letter and its enclosures.
2011-11-04	R. Waldon	J. Keeshig	<p>Telephone conversation to provide an update. Joselyn advised that:</p> <ul style="list-style-type: none"> • SON EO asked about NEEC response to their Conestogo review report • SON sees Conestogo as a priority • Joselyn has received the updated Bluewater PDR and will review it. Migratory birds and any pathways (north) to SON's TT will be the main interests. <p>I explained NEEC continues to work on responses to SON review report on Conestogo.</p>	<ul style="list-style-type: none"> • Communication • Process 	<ul style="list-style-type: none"> • Waldon to follow-up with NEEC for response on Conestogo • Meet to discuss NEEC's response and next steps • J. Keeshig to review PDR then set up a discussion with Waldon on review process for Bluewater. • Waldon to request schedule information from NEEC for East Durham.

Date	Contact By	Contact With	Description	Purpose	Follow-up and Results
2011-11-08	N. Geneau	J. Keeshig	Letter enclosing NEEC's responses to SON Conestogo natural heritage review report. The letter stressed NEEC's commitment to continue using the draft report as a consensus-building document that will include details of actions for collaboration going forward. The intent is to use this as a model for East Durham and Bluewater projects. (Note letter and report e-mailed same date 2011-11-08.)	<ul style="list-style-type: none"> • Information-sharing • Communication • Process 	<ul style="list-style-type: none"> • Awaiting SON reply to suggestion for a meeting to go through the report and finalize it.
2012-02-21	R. Waldon	J. Keeshig	<p>E-mail with an overview of status and proposed discussion/planning items for Conestogo, East Durham and Bluewater.</p> <ul style="list-style-type: none"> • Conestogo archaeology and SON monitoring • Budget for SON participation in Conestogo construction and "post" monitoring • Capacity assistance to review Bluewater REA reports and monitoring • A work plan and budget for East Durham field work and REA studies and monitoring. 	<ul style="list-style-type: none"> • Process • Information sharing 	Joselyn to call to discuss 2012-02-22
2012-03-19	R. Waldon	J. Keeshig	Follow-up e-mail to confirm telephone conversation scheduled for 2012-03-22 to discuss Conestogo, East Durham and Bluewater (see 2012-02-21) and enclosing a copy of NextEra's First Nation and Métis Relationship Policy.	<ul style="list-style-type: none"> • Information sharing • Administrative 	See 2012-03-22

Date	Contact By	Contact With	Description	Purpose	Follow-up and Results
2012-03-22	R. Waldon	J. Keeshig	Telephone call to discuss planning, process and budgets for Conestogo, East Durham and Bluewater . Prior to the call, SON provided a technical estimate work sheet for discussion.	<ul style="list-style-type: none"> • Process • Information sharing 	<p>The following actions were identified:</p> <ol style="list-style-type: none"> 1. NextEra to use technical estimates to submit a proposed work plan and budget for all three projects (draft prepared) 2. SON to prepare a process document to manage the work plan, subject to legal and leadership review 3. SON and NextEra to begin discussions of Accommodation and Benefits document, again for leadership and legal review
2012-03-26	R. Waldon	J. Keeshig	E-mail enclosing Spring 2012 Archaeology Communique for all NextEra projects which included an offer to hold a field orientation meeting.	<ul style="list-style-type: none"> • Communication • Information sharing 	No reply was received.
2012-04-11	SON	NextEra	Invoice for previous NHA review work, SON archaeology monitoring and SON staff meeting with NextEra	<ul style="list-style-type: none"> • Process 	Invoice had to be corrected 2012-04-18 and was processed 2012-05-03.
2012-04-25	R. Waldon	J. Keshig	E-mail follow-up to request meeting to discuss planning, process and budgets for Conestogo, East Durham and Bluewater .	<ul style="list-style-type: none"> • Process 	Joselyn advised she will be absent for a while and referred me to Jake Linklater.

Date	Contact By	Contact With	Description	Purpose	Follow-up and Results
2012-05-04	R. Waldon	Jake Linklater	Phone call (voice mail left) and e-mail to continue discussion about planning, process and budgets for Conestogo, East Durham and Bluewater , but identifying urgent need for archaeology work to proceed on Conestogo and east Durham, and asking about SON monitors.	<ul style="list-style-type: none"> • Process 	Jake requested an accounting of all SON invoices and status of NextEra payments, plus an explanation of any archaeology monitoring requirements not yet budgeted. A summary spreadsheet was provided and an explanation of the East Durham and Conestogo archaeology work where SON monitoring may be required. Jake suggested setting up a meeting to discuss the overall work plan and budget and R. Waldon replied with a proposed date 2012-05-09.
2012-05-08	R. Waldon	Jake Linklater	Telephone call and e-mail to confirm that: <ol style="list-style-type: none"> 1. NextEra will provide a letter-agreement for SON monitors' costs for East Durham 2. Requesting a meeting to develop an overall work plan and budget for Conestogo, East Durham and Bluewater and suggesting any day the week of May 14th at SON. 	<ul style="list-style-type: none"> • Process 	2012-05-09 draft Letter-agreement for SON monitor costs sent to Jake Linklater.
2012-05-11	R. Waldon	Jake Linklater	E-mail to confirm NextEra had signed the letter-agreement for SON monitors' costs for East Durham and it would be forwarded tomorrow.	<ul style="list-style-type: none"> • Process 	2012-05-12 signed letter agreement forwarded by e-mail to Jake Linklater.

Date	Contact By	Contact With	Description	Purpose	Follow-up and Results
2012-05-14	R. Waldon	Jake Linklater	E-mail to advise that NextEra has to amend the letter-agreement for FCPA compliance language.	<ul style="list-style-type: none"> • Administrative 	<p>Jake replied to forward the revised letter agreement.</p> <p>2012-05-14 the revised and signed letter-agreement was sent by e-mail to Jake Linklater.</p>
2012-05-22	Jake Linklater	R. Waldon	E-mail advising Joselyn Keeshig has returned and asking that supervision costs be added to the letter-agreement for archaeological monitors for both East Durham . He also questioned what “reasonable instructions” meant in regard to the safety procedures clause and felt the letter suggested SON monitors worked for either Golder or NextEra.	<ul style="list-style-type: none"> • Administrative 	<p>2012-05-22 R. Waldon replied that “reasonable instructions” only related to following safety procedures on site, and that one of the clauses specifically stated the SON monitors are not employees or subcontractors of either Golder or NextEra.</p> <p>A reviewed letter agreement was requested from NextEra with the supervision costs added.</p>
2012-05-25	R. Waldon	J. Keeshig	Telephone call to discuss Conestogo and East Durham archeology and overall work plans and budgets for East Durham, Conestogo and Bluewater .	<ul style="list-style-type: none"> • Process • Administrative 	<p>Results:</p> <ol style="list-style-type: none"> 1. Joselyn is confirming if SON monitors are required for Conestogo work 2. Revised letter agreements (including supervision) for east Durham and Conestogo are in progress with NextEra 3. Tentative meeting dates for discussion of overall budgets and work plans identified next week.

Appendix H.6 Six Nations of the Grand River (Six Nations Elected Council)

Contact Record

Projects: Adelaide, Bluewater, Bornish, Conestogo, **East Durham**, Goshen, Jericho and Summerhaven Wind Energy Centres

Communities: **Six Nations of the Grand River** Main Contacts: Chief William K. Montour, Six Nations of the Grand River
Lonny Bomberry, Director, Lands and Resources
Joanne Thomas, Consultation Point Person, Lands and Resources

NextEra Energy Canada ULC (“NEEC”) proposes to develop, construct and operate a number of wind energy projects in Ontario. This report details all communications with the Aboriginal community identified above, in support of the Ontario Regulation 359/09 Renewable Energy Approval requirement for consulting with Aboriginal peoples. Information is current to the date shown at the bottom of this report. Please contact NEEC for clarification or to receive any available updates.

The projects for which this Aboriginal community has expressed interest, or that have been confirmed by the Director of Renewable Energy Approvals “list of aboriginal communities” are identified above. Please refer to the Project Description Reports and supporting reports as set out in Table 1 of Ontario Regulation 359/09 for information about these projects, potential impacts and proposed mitigation. All available reports may be found at:

www.nextEraEnergyCanada.com

- Adelaide Wind Energy Centre
- Bluewater Wind Energy Centre
- Bornish Wind Energy Centre
- Conestogo Wind Energy Centre
- East Durham Wind Energy Centre
- Goshen Wind Energy Centre
- Jericho Wind Energy Centre
- Summerhaven (formerly Nanticoke) Wind Energy Centre

In compliance with Ministry of Environment filing requirements, this report has been abridged as of the date below, to focus specifically on communications about, or that included Goshen.

Appendixes

Appendix I.1 Notice of Project

(as posted on NextEra web site: www.CanadianWindProposals.com)

NOTICE OF PROJECT AND PUBLIC MEETING #1 EAST DURHAM WIND FARM PROJECT

The Study

In response to the Government of Ontario's objective to increase renewable power generation in the Province, NextEra Energy Canada, ULC, formerly known as FPLE Canadian Wind, ULC is proposing to develop a wind electricity project within the study area annotated in this Notice. This notice replaces the Notice of Commencement for this project published in June 2009 under the former Environment Assessment approval process which was replaced by the Province of Ontario Renewable Energy Approvals process on September 24, 2009. Under the Renewable Energy Approval a key part of the approval process for each project is the undertaking of public consultation. The purpose of this Notice is to invite your participation in the approvals and the dialogue process.

The study area for the "East Durham Wind Farm Project" covers lands in Grey County, East of Durham, and bounded to the north by Concession Road 4, in the east by Sideroad 50, in the south by the Southgate-Glenelg Townline and in the west by Camp Oliver Road as shown in the map below. Within this study area, the proponent is considering a project consisting of up to 12 wind turbines with an electrical generation capacity of up to 18 MW which will interconnect into the Hydro One grid.

The Proponent

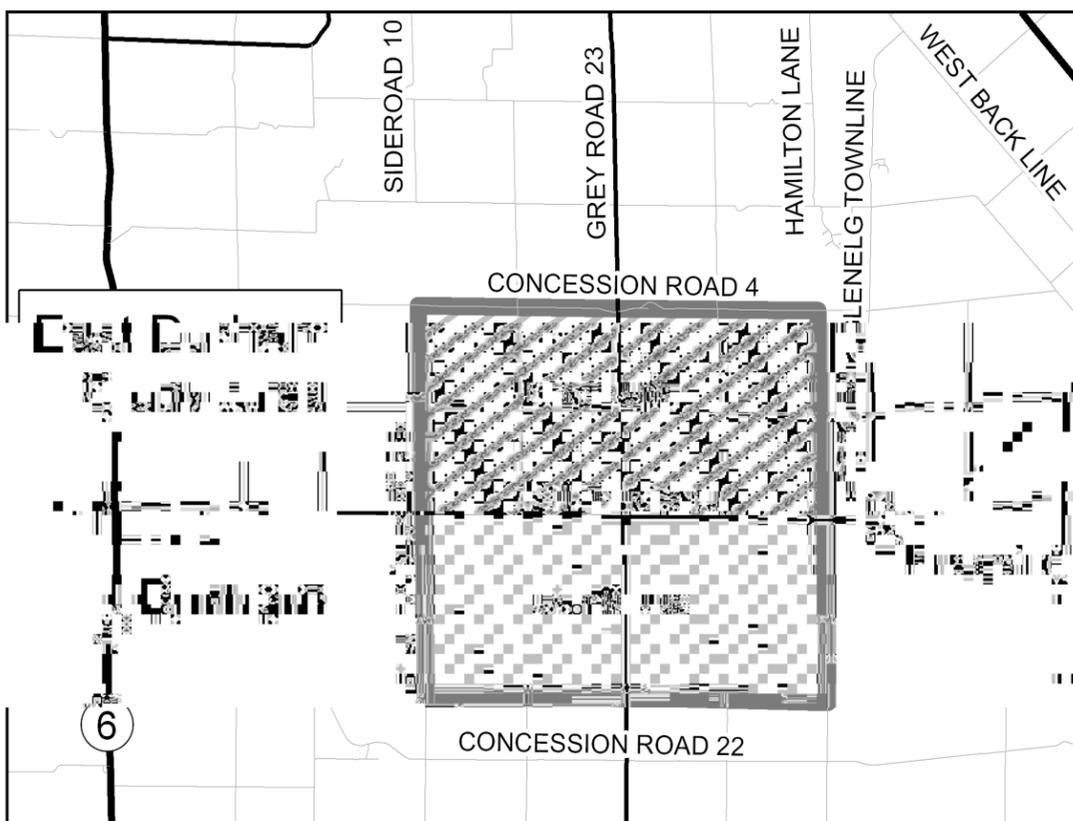

NextEra Energy Canada, ULC is a wholly owned subsidiary of NextEra Energy Resources, a global leader in wind energy generation with a current operating portfolio of over 8,200 wind turbines across North America.

The Process

The environmental approvals process is being conducted in accordance with the Renewable Energy Approvals (O.Reg. 359/09) under Part V.0.1 of the Environmental Protection Act and the Canadian Environmental Assessment Act (CEAA). The applicable guidelines that are being followed are the "Renewable Energy Approvals"

(September 2009) provided by the Ontario Ministry of the Environment and the "Environmental Impact Statement Guidelines for Screenings of Inland Wind Farms under the CEAA". The provincial and federal approvals processes include public, aboriginal and review agency consultation, assessment of the impacts of the proposed project, and identification of measures to mitigate any potential adverse impacts. Upon completion of the background studies and reports required for a Renewable Energy Approval application, these studies will be made available to the public for review prior to the second public meeting.

The public meeting will be held to provide a general overview of the project and the Renewable Energy Approvals process and to seek public input. Turbine locations will not be determined until the completion of the environmental studies. We invite the public to attend the meeting so that we can answer your questions and receive your feedback.

Public Meeting # 1

Date: December 7, 2009

Time: 5 pm to 8 pm

Location: Durham Community Centre
451 Saddler Street West
Durham, ON N0G 1R0

Comments

Communication is critical to this process and we work hard to communicate fully and freely with our stakeholders during the project development process and throughout the construction and long term operations. We want to be your first and best source of information about the projects. We hope that you will want to learn more about this project and will contact one of the project team members to be added to our mailing list. We are interested in hearing comments and answering questions you may have about the proposed project. Please note that, with the exception of personal information, all comments will become part of the public record.

Please contact the following team member if you have any questions or comments or wish to obtain more information on the project or visit the project website at <http://www.canadianwindproposals.com>.

Dear Chief A. MacNaughton:

Subject: **NextEra Energy Canada, East Durham Wind Energy Project**

We are writing this letter (in accordance with Ontario Regulation 359/09) to share updated information with you about one of our wind projects in southwestern Ontario.

East Durham Wind LP., a wholly owned subsidiary of NextEra Energy Canada, ULC (NextEra) is proposing to construct a wind energy project in the Municipality of West Grey in Grey County, Ontario. The Project will be referred to as the East Durham Wind Energy Centre and will be located on private lands south of Concession 6, west of Sideroad 50 and Artemesia-Glenelg Townline, east of Baseline Road and north of West-Grey Southgate municipal boundary. With a total maximum name plate capacity of 23 MW; the Project is categorized as a Class 4 facility. Although NextEra is seeking a Renewable Energy Approval (REA) for 16 wind turbines, up to a total of 14 are proposed to be constructed for the Project.

As a courtesy, we want to let you know about a Public Meeting to provide an update on the proposed Project. The enclosed Notice of Project Meeting explains that a Public Meeting will be held on July 18, 2012 at the Durham Community Centre (451 Saddler Street, West Grey, Ontario) from 5 pm to 8 pm. The purpose of this meeting is to provide the study area and proposed project.

Ontario Regulation 359/09 requires us to provide you with this Notice. We also want to keep you informed about public activities that may prompt questions, or be of interest to you and your community.

We also wish to acknowledge that these Public Meetings are separate from (and in addition to) our ongoing dialogue with you and your community, and do not replace our procedural consultation efforts.

In addition to the East Durham Notice of Public Meeting, we are enclosing a copy of the Project Description Report for the East Durham project. As you may know, Six Nations Haudenosaunee Confederacy Council was not identified on the list of communities to be consulted for this project, which was issued by the Director of Renewable Energy Approvals (Ontario Minister of the Environment). We wish to provide you with this information, however as a courtesy, and in view of our ongoing discussions with your staff through the Haudenosaunee Development Institute. In addition to this copy, the report can be downloaded from our web site at www.NextEraEnergyCanada.com.

Our consultant Bob Waldon has been in contact with your staff about this project since it was first announced and will continue to do so. Please feel free to contact him at (905) 838-4256 or rdwaldon@bedfordC4.com with any questions.

Sincerely,

Thomas Bird
Environmental Services Project Manager

As a courtesy, we want to let you know about a Public Meeting to provide an update on the proposed Project. The enclosed Notice of Project Meeting explains that a Public Meeting will be held on July 18, 2012 at the Durham Community Centre (451 Saddler Street, West Grey, Ontario) from 5 pm to 8 pm. The purpose of this meeting is to provide the study area and proposed project.

Ontario Regulation 359/09 requires us to provide you with this Notice. We also want to keep you informed about public activities that may prompt questions, or be of interest to you and your community.

We also wish to acknowledge that these Public Meetings are separate from (and in addition to) our ongoing dialogue with you and your community, and do not replace our procedural consultation efforts.

In addition to the East Durham Notice of Public Meeting, we are enclosing a copy of the Project Description Report for the East Durham project. This report describes the project that you, or the Director of Renewable Energy Approvals (Ontario Ministry of the Environment) has indicated is relevant to your community. In addition to this copy, the report can be downloaded from our web site at www.NextEraEnergyCanada.com.

Our consultant Bob Waldon has been in contact with your staff about this project since it was first announced and will continue to do so. Please feel free to contact him at (905) 838-4256 or rdwaldon@bedfordC4.com with any questions.

Sincerely,

Thomas Bird
Environmental Services Project Manager
