2. What questions or concerns did you have about the East Durham Wind Energy project?

Several

3. Were your questions/concerns answered to your satisfaction? If no, please explain.

Not all - see (4)

4. What remaining questions or concerns do you have about this project?

IF Future health studies require a greater set back than initially maintained - will the turbines be removed?
IF a turbine installation disrupts our sleep or makes our property uninhabitable - will it be removed.

There are tangible costs to us - Lower property value, no tax reduction, light pollution, Loss of the natural view we purchased etc.
What specific, tangible benefits to me offset this??

5. In your opinion, do you think this project will be beneficial to your community?
 If yes, what do you think the benefits of this project will be? If no, why not?

No. Negative Impacts on Land value, enjoyment of Land, light pollution, noise pollution, visual pollution increased noise & traffic during and after construction, few, if any, permanent jobs generated in the community AND a concrete jungle of towers that become a community liability if NextEra ever goes bankrupt.
- All For energy For Toronto. Need to reduce consumption not increase capacity.

6. What did you learn about NextEra Energy Canada or the East Durham Wind Energy project?

You present an appropriate showing if your objective is to gain investors. Not if you are trying to reassure homeowners.

2. What questions or concerns did you have about the East Durham Wind Energy project?

Property values
 close neighbours - when exactly
 will these be placed.

I would like an open meeting - questions
 and concerns - can be answered. - not I don't

3. Were your questions/concerns answered to your satisfaction? If no, please explain.

See above - no real answers
 Very ~~high~~ vague.
 - Environmental studies are still on the go.

They did say how close they can
 build - to your property/dwelling
 But the Number - ?

4. What remaining questions or concerns do you have about this project?

5. In your opinion, do you think this project will be beneficial to your community?
If yes, what do you think the benefits of this project will be? If no, why not?

No - looks for a place
where there is no-one living.
I get no benefit from this.
~~just~~

6. What did you learn about NextEra Energy Canada or the East Durham Wind Energy project?

Today - was not a meeting.
Just - vague questions
not really being answered.
It was - not a positive spin
I was told - maybe at the next
meeting - I might get more answers?

2. What questions or concerns did you have about the East Durham Wind Energy project?

Describe what benefits to local community?

A - 3 Full time employees?

- construction jobs - short term.

Not adding much to community at all

3. Were your questions/concerns answered to your satisfaction? If no, please explain.

1. Electricity demand lowest since the 1960's -

Why are we building wind turbines?

Why are nuclear / hydro shutting down when wind mills run - still get paid?

Why are wind mills subsidized up to 13.5¢ / kw hour when going rate is 3.5 - 4¢ per hour?

When asked about property devaluation, answer was it didn't - based on U.S.A. study - what about Ontario - Canada?

4. What remaining questions or concerns do you have about this project?

ARE LAND OWNERS WORRIED THAT THERE
MAY BE HEALTH ISSUES WITH THE WIND TURBINES
AND THEIR PROPERTY VALUES MAY DEVALUE?
WHY ARE THESE BEING BUILT WHEN WE DON'T
NEED POWER, AND THERE ARE POTENTIAL HEALTH
ISSUES NOT YET RESOLVED?
WHAT HAPPENS WITH THE WIND TURBINES WHEN
THE GOVERNMENT SUBSIDY DOESN'T EXIST ANYMORE

5. In your opinion, do you think this project will be beneficial to your community?
If yes, what do you think the benefits of this project will be? If no, why not?

(ie. approx
8¢/kwh)

NO: 1. Don't need the power.
2. Subsidies to something not needed.
3. "Keep it beautiful" on Ontario License plates -
hardly - windmills are a blight to country
4. Only 3 Full time workers for 12 Turbines
& short term construction work - little power too
- More traffic, more gravel pits, Farms
ruined = Little added to community
5. Subsidies driving this project not need.

6. What did you learn about NextEra Energy Canada or the East Durham Wind Energy project?

Not much - MOE people should be
here to answer questions
- appears sole sources on
wind turbines (Korea 2 Billion \$) - another
E-Health on the horizon
Not sure if building permits issued -
only on the concrete base.

2. What questions or concerns did you have about the East Durham Wind Energy project?

It appears that there is no benefit to the community no long term jobs minimal tax money.

3. Were your questions/concerns answered to your satisfaction? If no, please explain.

My questions appeared to be answered, but on reflection, the answers were not complete and in some cases misleading.

4. What remaining questions or concerns do you have about this project?

I believe land values in the area of the turbines will drop.

Health questions keep popping up.

5. In your opinion, do you think this project will be beneficial to your community? If yes, what do you think the benefits of this project will be? If no, why not?

As no - see first page

2. What questions or concerns did you have about the East Durham Wind Energy project?

Health impact

Effect on wildlife

Property de-valuation.

3. Were your questions/concerns answered to your satisfaction? If no, please explain.

No!

- Not clear enough on long term health effects
 - Do not know long term health effects
 - Studies for long term health effects are incomplete, yet NextEra Energy plans to go ahead anyway? Where is the responsibility in that?
- WE ARE NOT YOUR GUINEA PIGS!

Laura handed pamphlets

4. What remaining questions or concerns do you have about this project?

5. In your opinion, do you think this project will be beneficial to your community?
If yes, what do you think the benefits of this project will be? If no, why not?

No! It is beneficial to the bottom line of Nextera. Do they really care any further than this, if they are willing to go ahead without conclusive health studies (ie. long term)

6. What did you learn about NextEra Energy Canada or the East Durham Wind Energy project?

Seems like they're jumping the hurdles to get what they want,

2. What questions or concerns did you have about the East Durham Wind Energy project?

*How many contracts have been signed?
Why was the meeting held at 5:00??
Where was the "meeting"? This was only a number of personal interviews.
I found this format useless.*

3. ~~Were your questions/concerns answered to your satisfaction? If no, please explain.~~

There was no chance for public input where the public could hear questions & answers.

4. What remaining questions or concerns do you have about this project?

How much will my home be devalued??

5. In your opinion, do you think this project will be beneficial to your community?
If yes, what do you think the benefits of this project will be? If no, why not?

Not likely - Since we will not have a chance to learn what should have been "presented" & questioned at this meeting.

6. What did you learn about NextEra Energy Canada or the East Durham Wind Energy project?

Nothing!

- 1) They invite people during the supper hour*
- 2) They don't understand what a "public meeting" should be.*

7. How would you prefer to receive further information about the project(s)?

Circle all that apply:

- a) by phone
- b) by mail
- c) in person
- d) at another open house event
- e) by email
- f) by the local newspaper, please specify the paper: _____
- g) I don't want to receive further information about this project

A proper meeting and not after several months have elapsed.
